

SRE and SEE at CPS

Special Religious Education and Special Education in Ethics at Canowindra Public School.

Canowindra Public School provides Special Religious Education (SRE) and Primary Ethics (SEE) programs. Parents must provide written permission to the school for their child/children to attend either program.

SRE and SEE programs are delivered by trained local volunteers. Good communication and co-operation exists between SRE, SEE teachers and school staff. Recognized training and authorisation for volunteers to teach SRE and SEE are strictly followed.

Combined SRE classes come together performing an Easter and Christmas presentation.

Below is a brief summary of the programs available at CPS:

Catholic SRE – Provides Biblical teaching in the Catholic faith. Sacrament programs eg Reconciliation, Eucharist (First Holy Communion) and Confirmation are also delivered throughout the year. The 'Christ Our Light and Life' program is the resource used. Further information by contacting Deb 63442490 or debrutter@bigpond.com

Combined SRE – Provides age appropriate learning on select Biblical themes, stories, characters and history. These offer insight and wisdom for responding to real life issues in today's complex world. A focus is made on relating to others and getting along in the playground. More information on the curriculum at www.godspace.org.au

Primary Ethics SEE - The program is designed into age appropriate topics and the focus is increasing the students' confidence with critical thinking and moral reasoning skills. The Primary Ethics teachers only follow the Department of Education approved curriculum and do not present their own point of views to the class.
